Skills

- Backend: Java | Node.js | Python | C++ | C# | FastAPI | Spring Boot | PostgreSQL | MySQL | MongoDB | GraphQL
- Frontend: React | Angular | Next.js | CSS | HTML | TypeScript | JavaScript | Jest | Cypress
- Machine Learning: PyTorch | Keras | Hugging Face | Scikit-learn | Neural Networks | NLP
- Other: AWS | EC2 | S3 | RDS | Lambda | Kubernetes | Full-Stack | Git | RESTful | CI/CD | ORM
- Languages: English, Russian, Spanish, Catalan, Moldovan– All Native level.

Experience

Software Engineer   **Polytechnic University of Valencia**   **09/2023 - 01/2024**

- Formed a design and development team for a enterprise-level social media application for the University, learning each step of the way from the conception to the final product using the latest tech
- Designed and implemented scalable APIs and backend ensuring high availability and robust security.
- Clout: Mobile and Desktop fashion social media application development.
- Continuous Integration/Deployment Pipeline Integration, pull requests, code reviews, load/stress testing, unit/integration/e2e testing.

Software Engineer   **Sopra Steria**   *Valencia, Spain*   **02/2024 -**

- Implemented enterprise applications for national government platforms using **React, Node js, Java, SQL, Postman, CI/CD, Python**.
- Automated and optimized business logic for the core existing functionality.
- Was given the responsibility of analyzing and migrating a whole platform from an outdated technology.

Education

Bachelor of Software Engineering   **Polytechnic University of Valencia**   **09/2019 - 12/2023**

- Major in Computer Science

Projects

- **Clout:** Developer for a social media app with Node.js, MySQL and Angular.
- **project:** DFull stack web app deployed on AWS, Next.js 15 (React) frontend, Nest JS (Node js) backend, PostgreSQL RDS, Redis cache, CI/CD, Docker, Kubernetes.
- **Portfolio:** Launched web page with Next js, SEO and speed performant.
- **PyAPI:** API con python y FastAPI.
- **All available on my website linked at the top to test.**

Others

- Open to international relocation.
- Learning french and german.
- European Union citizenship (spanish).
- Eager to learn and add value to the projects.
